

Here's what you need to do in order to print out your customized SpeedPASS:

1. Go to <http://www.sqlsaturday.com/249/eventhome.aspx>.

2. Log in, using your PASS username and password.

You can retrieve both username and password, if you do not remember either by simply clicking the Forgot next to the Log In.

3. Once logged in, click on "View Profile"

4. Scroll down to the section called Event Registrations, and locate SQLSaturday #249.

Across that row, in the second column from the right, you'll see **SpeedPASS** and a print icon.

5. Click on the SpeedPASS icon and it will generate a PDF, which you should print.

6. Cut out your name badge, admission ticket, and all your raffle tickets. Bring them with you on Saturday.

When you arrive Saturday morning, you will simply turn in your admission ticket. Then you will receive your bag of goodies and a lanyard and badge holder for your name badge.
